Citizens' Group Makes Tour of Sanitary District

A tour of the Central Contra Costa Sanitary District was made Saturday by the district's Citizens' Advisory Committee.

Led by the district's engineer, Gerry Horstkothe Jr., committee members spent about eight hours touring the 400-mile system.

They studied the treatment plant, pump stations, bypasses, and surveyed some of the slides in the area.

Horstkothe said particular attention was paid to types of creek crossings within the district. He said that with the large number of waterways in the area, creek crossings, a varying problem in the matter of sewage collection, were studied individually.

He said the committee plans a more detailed tour in the near future.

3 Cars Tangle on Mt. Diablo Blvd.

A three car collision occurred on Mt. Diablo Boulevard half a mile east of Orinda last Saturday, the State Highway Patrol reports.

Rance R. Bradley, of San Francisco, going west, sideswiped Frank Maurice Breitharth, 1066 Laurel Drive, Lafayette. Breitharth was going East. A third car, belonging to Earest Wertheim of San Francisco was also involved when it struck Breitharth's vehicle, according to the highway patrol.

All three cars were damaged slightly, said the highway patrol, but there were no injuries.

I've Gone Blind, Ma — No, Son, It's Just Foggy Out

The weather man had a little difficulty reading his thermometer this week because of the extreme fog which settled around his house.

After persistent effort, he found that the high for the period between Thursday of last week and yesterday morning was a spring-like 69 degrees last Friday.

He shivered a little when he read that the low was 34 degrees on Thursday night of last week.

He couldn't see the weather because of the fog, so he recorded **NO RAIN** again this week, and marked down the seasonal total as 21.86 inches, as compared with 33.6 inches at this time last year.

Fathers' March Collects \$4283 For Polio Fund

It all started promptly at 7 o'clock Tuesday night with the sounding of sirens from Orinda's two fire stations and the tooting of automobile horns throughout Orinda by fathers who were determined to be mothers.

That was according to schedule. But what wasn't expected was that about four hours later, with heads of tallies still spinning, the Fathers' March on Polio would reach the staggering total of \$4,283.43.

"Orinda was lit up like a Christmas tree," beamed Ernest Rahmeyer, Fathers' March chairman, as he told of the one-hour up-hill-and-down-dale drive by some 283 Orinda dads who called on homes where porchlights were lit up and collected anti-polio funds.

In areas throughout Orinda, the dads, working under direction of about 40 captains, wore lapel tabs stating, "Just for Tonight I Am a Mother."

THAT THE LABEL went over big is proved by what happened. And the report heard by Rahmeyer via the "grapevine" that one man in the Charles Hill area wore an off-shoulder gown and a Lili Dacat creation on his head added to the zestfulness of the event.

Room 1 of the Orinda School was the collection center where the captains came with the money. Everything was neatly arranged there, and it had been anticipated the tallying would be all over about 10 o'clock. But John Stoffel and Merle Brown of the American Trust Company here, who did the counting, were really "snowed under," and they counted money from 7:30 to 10:30.

AT 10:30 the total was listed at \$4125. But then Rahmeyer went to a Cub Pack 52 committee meeting, and one of the den mothers handed him a check for \$30. Shortly afterward, Angus McLeod of Greenwood Court got in touch with him and asked him to drop over. He did, and picked up \$60.43 donated by Rheim Highlands residents.

By then, the total had zoomed to \$4,283.43.

FRANK HART of 100 Overhill Road, captain in the Moraga Highlands section, was the first captain to report at Orinda School. He showed up at 7:30. Then more captains started coming in, and the first report, by John Stoffel and Merle Brown couldn't count fast enough as the captains rumped their money onto the table from big envelopes.

By 8:15, only half the captains had reported — and over \$2300 had been chalked up on the blackboard by Harold Rote, who was jotting down the running tally.

At that time two camellia plants were given to captains among those who had brought in returns promptly. One, donated by Orchard Nursery, went to Dr. Roger Stark of 555 Manzanita Drive, Don Miguel area captain; the other, donated by Thomas of 2 Arden Drive, captain in the Arden Drive area. Thomas' plant was so big it had to be hauled off in Stan Allen's pickup truck.

WELL, THE FIGURES kept rising higher and higher. Rote helped with the counting, and Joseph L. Sheaff, Orinda Area March of Dimes chairman, took over the blackboard tallying.

Like the stock exchange, "some wiser" mumbled. "Only, there's no gamble here."

Heads became dizzy when Philip Munscheid, Moraga Meadows captain who had worked with 17 men, plunked down over \$850 contributed by 500 homes.

From Sleepy Hollow came \$457.11, collected from some 200 homes by a crew of 15 or 20 men captained by Bill Witter, president of the Sleepy Hollow Improvement Association. Witter's assistant was Bert Kihler.

THAT'S THE WAY it went. Orinda really responded to the Fathers' March on Polio, which was started last year as a spontaneous experiment by a handful of Moraga Del Rey men who collected \$105.65.

There was protection as well as excitement Tuesday night. Merle Brown, besides being a money-counter, was present as a member of the sheriff's reserves, and Norm Ketsdever, another sheriff's reserve, was on hand.

AFTER IT WAS all over, the money was locked in a vault at the bank. Sheaff phoned the news to Lester E. Butler, county March of Dimes director, and Rahmeyer said "Whew!"

Incidentally, Tuesday was Rahmeyer's 44th birthday. "This has been my happiest birthday," he said. "The community associations and the areas where men developed their own teams deserve hearty thanks for a job well done. It was wonderful — and will be more so next year."

Schools To Close Thursday, Friday

Acalanes High School, Las Lomas High School and the grammar schools within the Acalanes area will be closed next Thursday (Lincoln's birthday) and next Friday, February 13.

Students at the high schools, at Lafayette, Vallejo and Montecito Schools in Lafayette and at Orinda, Glorietta and Sleepy Hollow Schools in Orinda will enjoy a holiday.

Better Commute Service Promised By Greyhound Line

Adjustment of the Danville bus morning schedule was one of several problems discussed by the service committee of the Contra Costa Commuters Association with J. W. Krug, operating manager of Pacific Greyhound Lines at a Mark Hopkins Hotel meeting January 29.

The association was represented by A. W. Bowman, Orinda; John E. McKirahan, Lafayette, and Del Armstrong and Dudley Thieken from Walnut Creek. Krug agreed to operate the morning bus from Danville 10 minutes earlier to the report. The sisters turned over \$47 from their purses to the thief, who fled in an old sedan.

It was the sisters' description of the car which led to Hunter's arrest on Sunday, scarcely 12 hours after the robbery.

Hunter, in a signed statement, said he had visited his mother's home in Richmond Saturday afternoon and then drove to Orinda, considering a plan to stage a holdup. He said he could not "come to a conclusion" and went to the show to think it over. There he decided there was no other way "to get money for my babies" so he "held up two ladies."

Inspector Wilson explained that Hunter is the father of two small children, one of whom is ill in the Contra Costa County Hospital, and that Mrs. Hunter is expecting another child. However, the family is receiving county aid, Wilson explained, and are being housed and fed adequately.

The sick child has shown improvement, it was announced, and has been removed from the isolation ward.

NO IMMEDIATE solution to the proposal to operate buses on Mission Street in San Francisco was reached. It will be necessary for the association's service committee to meet with F. W. Ackerman, president of Greyhound Lines, and Krug stated he would arrange such a meeting upon Ackerman's return from Hawaii.

Krug announced a program to be established by Greyhound effective February 15 to rehabilitate all 75 buses in the Contra Costa pool. He stated they would be shopped in fleets of six for a period of three weeks for each fleet, during which the bodies would be stripped to the frame and completely rebuilt, including improved seating and interior refinishing.

ASSURANCE was also given the association's service committee that a permanently designed pickup point would be established for Walden Road patrons.

Following the luncheon discussion with Krug, Thieken said that the association's directors are hopeful that through closer supervision of operations promised by Greyhound and periodic meetings with Krug, future problems will be more promptly and satisfactorily adjusted.

NEXT MEETING of the directors of the Commuters Association will be held Tuesday evening at Acalanes High School. Plans will be completed to resume an active membership drive discontinued during the Christmas holidays.

A report on action to have commute fares established for Pleasant Hill Road will be made.

Members and other interested commuters are invited to attend.

Sun Newsstand Lock Smashed, \$1.50 Taken

The SUN newsstand at the Orinda Post Office was broken into this week, and \$1.50 was taken. The lock was destroyed.

Bandit Admits Orinda Holdup Of Reeve Family

Estelle and Gladys Reeve were the victims of a holdup staged at their home at 225 Canon Drive last Saturday.

At the point of a gun, the two sisters turned \$47 over to a young bandit, who explained that he needed the money for his sick baby.

Fred H. Hunter, 23, of 306 San Pablo Avenue, El Cerrito, has confessed the crime according to Sheriff's Inspector Norman A. Wilson. Hunter also confessed to robbing the Reeve home two weeks previously, and stealing the gun which was used for the holdup, the officer stated.

The Reeve sisters entered their garage about 6:30 p.m. and Hunter was lurking in the shadows. He pointed the gun at them and demanded their money, according to the report. The sisters turned over \$47 from their purses to the thief, who fled in an old sedan.

It was the sisters' description of the car which led to Hunter's arrest on Sunday, scarcely 12 hours after the robbery.

Hunter, in a signed statement, said he had visited his mother's home in Richmond Saturday afternoon and then drove to Orinda, considering a plan to stage a holdup. Two Counties May Study New Routes

Important steps to relieve highway congestion between Contra Costa and Alameda Counties were taken in a recent meeting of the Diablo Highway Improvement Federation.

Contra Costa County Supervisor Jack Cummings has offered to arrange a joint meeting of the supervisors of the two counties, according to Sumner McAllister, member of the board of directors of the Lafayette Improvement Association.

THE OBJECT of this meeting will be to obtain an overall improvement of the Fish Ranch Road, and to begin negotiations on an inter-county tunnel through the Moraga Valley-Shepherd Canyon areas. It was pointed out that only through the cooperation of the two counties can either of these projects be started.

The problem of master planning as it relates to roads, highways, parks, schools, and recreational sites was also discussed. It was agreed that master planning would save much money, since great waste is incurred when new freeways proceed after homes and businesses have been established.

Directors present were Chairman Elliot Hartman, vice-chairman Charles Nelson, Secretary Dudley Thieken, Sumner McAllister, Ed Rowland, John Tullock and Yates Bleuel.

MEMBERSHIP CHAIRMAN Ed Rowland urged that all clubs and associations join the federation. Dues of five dollars per year may be sent to Treasurer Dudley Thieken, 40 Park Avenue, Walnut Creek.

The next general meeting will be announced soon. The next directors meeting will be on February 17, at the home of Ed Rowland, Reliez Valley Road, Lafayette.

Information on State Aid Sought By School Board

Possibility of obtaining state financial aid for future additions to the Sleepy Hollow School and to the as yet unbuilt Moraga Del Rey School was a major part of discussion at Monday night's meeting of the Orinda School Board at Orinda School.

SUPERINTENDENT of Schools Joseph L. Sheaff reported on last week's meeting on state aid problems at County Schools Superintendent B. O. Wilson's office in Martinez. At that gathering, attended by representatives from a number of school districts, Rowe distributed forms to be filled out by district officials as a preliminary toward obtaining state assistance.

Another meeting on the same general subject was held in Martinez Tuesday afternoon, conducted by the State Department of Finance, which distributes the money after applications are accepted. At this second session more forms were given out, according to Sheaff.

The board Monday night decided to have an enclosure built at the end of the Sleepy Hollow School, so as to provide a play area and lunch shelter in inclement weather.

DISTRICT ENROLLMENT was reported by Sheaff as 1481-636 at Glorietta School, 559 at Orinda School and 286 at Sleepy Hollow School.

The board granted the Sleepy Hollow Improvement Association permission to use the Orinda School auditorium the evening of Wednesday, March 4.

Announcement was made of the Acalanes Area Trustees Association meeting at Parkmead School, Walnut Creek, which was held last Wednesday night, and which Sheaff and Trustees Edgar Stewart, Catherine Schwarck and Anthony Cianciarulo planned to attend.

Hearing Expected Within Few Weeks On Master Plan

Indications this week were that the Board of Supervisors will hold a public hearing on master planning ideas in the next few weeks.

At the January 29 airing of further Cardinet-Bailey arguments before the supervisors, County Planning Technician Tom Heaton said the commission expected to submit its report to the county board "within three weeks."

The Board of Supervisors has promised a public hearing on the planners' recommendations, and the hearing is expected shortly after the board receives the planners' report.

The Planning Commission is now studying the lengthy reports of both the Cardinet and Bailey Committees.

LEADING THE ARGUMENT before the supervisors were the chairmen of the two opposing groups — George H. Cardinet Jr. of the county-appointed citizens' advisory committee on planning, and William A. Bailey Jr. of the Independent Citizens Committee on Planning.

Cardinet read a six-page statement favoring the quarter-acre lot size proposal, and dealing with other aspects of his group's planning recommendations.

Bailey replied to Cardinet by restating his committee's attitude on zoning.

Gerould Gill, Buck Johnson and W. U. Barnes made remarks supporting Cardinet's observations.

IN HIS REMARKS, Cardinet charged that his group's opponents "first attempted to blanket the whole county into a minimum lot size of one-half acre."

This was emphatically denied by Bailey, who declared:

"THE ARGUMENT of a half-acre versus a quarter-acre does not exist. We stand for a desirable distribution of lot sides throughout the county. We don't want to blanket the county to any size. We propose zoning according to the wishes of the people, geographical conditions and other pertinent factors."

Why, Jimmie—Fancy Meeting You Here! Tarantino Not Talking About SUN Now

Current troubles of Jimmie Tarantino, gossip magazine publisher indicted in San Francisco last week on a charge of conspiracy to commit extortion, is of special interest to people in this area.

Central Contra Costa County residents recall that three years ago Tarantino carried out a systematic, high-pressure campaign against The SUN newspapers because of The SUN's expose of illegal gambling operations along Tunnel Strip.

JIMMIE WASN'T say anything about those days when Inspector Frank Ahern, head of the San Francisco police racket squad rudely awakened him at his Bellevue Hotel room and arrested him. He was too busy talking to his lawyer on the phone and, shortly afterward, issuing statements to the press that "this is all part of a political frame, an

Supervisors OK New Protestant Church in Orinda

Final plans are under way for the new Protestant church which will be located on Moraga Highway just off Orchard Road.

The church received the approval of the county Board of Supervisors last Tuesday night, when they passed the recommendations of the County Planning Commission.

TENTATIVELY NAMED "The Valley Lutheran Church," the new organization hopes to commence services within the next 45 days. The existing three bedroom home on the lot will serve as a chapel, offices and Sunday school, said Ed Andersen, who is directing the project.

"The living room will be altered to form a suitable background, a reed organ will be installed, and a lecture will be set up," he said. "The present living room, dining room and kitchen area will seat about 50 people," Andersen stated, "and the porch can be opened up in suitable weather."

"The loan for the church is now being approved by the American Missions Board in New York," Andersen continued, "and we will soon begin the construction of a parking lot by the side of the building."

THE CHURCH is the result of a survey which was taken some time ago by Andersen. Approximately 300 family units have expressed an interest in a Protestant church this side of the Crossroads, he stated. It will be a community church, and all denominations will be welcome.

Official announcements will be sent out by the members of the board for the new church. These are Tom Kling, Harold Rote, Bert Buzzini, Lloyd Ludwig, Leonard Odenthal, J. R. Smith, E. S. Heathorn and Hal Engman.

Anyone wishing information concerning the church should contact one of these men, or Ed Andersen, 18 Monte Vista, Orinda 2277.

Scouts of 207 Plan Paper Drive For 'Guide Dogs'

Boy Scout Troop 207 is organizing a paper drive scheduled for February 14, to help raise funds for the purchase of a guide dog for a blind person.

"Patrols will scour their respective neighborhoods before the drive actually starts," said Scoutmaster Gerry Cullen. "It is requested that paper be tied or placed in cartons."

Proceeds will go to a fund which the troop has all ready started. This fund will be turned over to Guide Dogs for the Blind, Inc. "The cost of a dog," stated Cullen, "is about \$1450. We hope to be able to provide half the cost of one after this paper drive."

Paper will be picked up by parents in cars, mobilization has been worked out so that each parent will have one street to cover.

They will deliver the paper to covered vans, provided by Fiberboard Products. Trucks will be parked behind the Orinda Garage Friday, February 13.

The troop holds a drive about three times a year. The last drive netted \$200.

Planners Okay Fred Wood Map

Fred T. Wood's subdivision map for the redesigned Orinda Hills Unit 1 was approved by the County Planning Commission Tuesday night.

The new subdivision was the subject of considerable controversy several months ago. However, County Planning Assistant John Marin explained yesterday that all 41 lots on the map now conform to the R-A requirement of half-acre minimum, and have an average width minimum of 100 feet.

THE SUBDIVISION is bounded on the south by Moraga Manor and Moraga Glorietta, on the west by Moraga Estates, on the east by Moraga Meadows and the Broadway Tract and on the north by Moraga Highlands.

Action on three applications for land use permits was deferred so that applicants could obtain the OK of their tract committees.

APPLICATIONS of Karl Hoeheirder and Robert L. Klemmendorf were continued to February 17, while that of Robert K. Gaudy was continued to next Tuesday night, according to Marin.

Hoeheirder seeks a six-foot side yard on one side and a two-foot setback for Lot 224, fronting on La Espiral. Klemmendorf wants a five-foot setback for Lot 56 and a portion of Lot 57, fronting on El Gaudy. Gaudy is asking for an eight-foot setback for a carport and a 10-foot side yard for carport and residence on Lot 12, Lake Orinda Highlands, fronting on El Toyonal.

These will include an airfield, train depot, boat harbor and truck terminal. Feature of the evening will be a series of movies on "Transportation." Twelve new members will be introduced to the Pack.

National Scout Week will be recognized in Orinda, as across the United States, from tomorrow to next Friday. This year the theme for the event is "Forward on Liberty's Team." Cubs of Pack 212 plan to attend the church of their choice in full cub uniform on Scout Sunday this Sunday.

Water and Reno Entertain Rotary

Professor Russell Simpson and the Trip to Reno shared joint honors at the meeting of the Orinda Rotary Club Wednesday at the Orinda Wil-lows.

The group left Sunday morning, arriving in Reno about 4 p.m. A joint meeting with the Reno club was held Monday noon, and then they returned, arriving in Berkeley Monday night.

Judge Bray, an active Boy Scout worker, will speak at the meeting next week.

EAST BAY PRODUCERS' MILK COUNCIL

Pirates Tonight, Albany Tuesday

The Acalanes Dons have a busy schedule ahead and in their next two games much will be told as to how they will end up in league standings, particularly for the Bees, who are currently tied with Albany for the number 1 spot, with each boasting identical records of six wins and one loss in league play.

The Don Varsity is out of the race as far as being a pennant contender is concerned. It has seven straight losses and is still seeking its first win in league circles.

The best they can hope for is that they can pull an upset and in that way play a part in determining the eventual winner.

TONIGHT, STARTING AT 7, the Dons tackle Pittsburg High on the Pitt Pirates' court. The Bees open the festivities, and the Varsity fives have at it at approximately 8:30.

The Don Babes will be on the spot, as they lost to Pitt in the opening round and will have to be at their best for a win, despite the fact that the Pirates have dropped games to Albany and John Swett since last meeting the Dons.

Pitt is riding in the number 2 spot and will be looking at the game as a means of getting back to the number 1 position.

IN THE VARSITY GAME, the Pirates hold the edge in view of an earlier win over the Dons, plus home court.

The Dons have had a good record as far as wins are concerned on the Pitt hardwood and it's by no means a cinch for the Pirates, who rest in a three-way tie with Alhambra and Mt. Diablo for third place.

NEXT TUESDAY afternoon Acalanes hosts Albany, with the Bee game set for 3 o'clock and the Varsity contest following about 15 minutes after the end of the Bee tilt.

The Don Babes are now in a tie with Albany for the number 1 spot, so Tuesday's game assumes considerable importance.

The Don Babes measured Albany in the first round of play but it will be an even-steven affair on Tuesday as far as the dopesters are concerned, in view of Albany's sensational win over the Pitt Pirates two weeks ago and a win over the Diablo Devils.

Coach Charles Eaton's Don Babes suffered their only loss at the hands of the Pitt Pirates in the season's second league game but have been on the victory trail ever since.

ACES FOR THE COUGARS in the scoring are Center Ron Hanson and Guard Billy Larsen, who form a formidable pair with their floor play and pin-point shooting.

The Dons have a couple of better than average shots of their own in Red Jones and Tim Freeman, while Rod Kistinger has shown added scoring strength with his come-through performances in recent games.

TUESDAY'S GAME will be the Big One as far as the Bees are concerned, and both fives figure to be at a high pitch. It could be one of the best, if not the best, game of the season.

In the varsity game Tuesday, it figures to be Albany all the way, as far as the form sheet goes, with such stellar performers as Joe Dorsey, Mel Tamm and Wally Paul pacing an attack that looks to be too much for the Dons. All three were members of last year's champ Cougar five and figure to repeat unless Antioch can pull an upset come-through in the second round of play.

THE DONS to date have failed to function as a unit and seem to lack the drive necessary for a win.

They have been close on several occasions but in each instance have fallen down when the chips were down.

Mike White found the range last week against Alhambra, only to

have usually high-scoring Bob Gray fail to collect a single point.

IN EVENT THEY both get in the groove Tuesday and Albany falters a bit, the Dons could pull the year's upset.

The Dons will have the advantage of home court, and that could prove to be the decisive factor in the Bee game.

In the Varsity match, the spread seems to be greater than the home court advantage, and it will take some top performing to outdo the high-riding Cougars.

Varsity Nipped By Bulldogs—Babes Win Again

The Acalanes Varsity dug a little deeper hole in the cellar last Friday afternoon when it was edged by a not-too-sharp Bulldog five who depended on some sensational free throw shooting to post a 44-36 win.

The Don Babes found their game a bit on the competitive side in the early stages, but it turned into a 43-27 rout once the charges of Coach Charles Eaton found the range and they notched their sixth win in league play to remain in a tie for the number 1 spot in loop standings along with the high-riding Albany Cougars, who had a scare of their own before measuring Diablo's Little Devils 30-27.

THE ACALANES BULLDOGS games were played in the Acalanes gym.

In the varsity tilt, the Dons started well enough as the score seceded back and forth with only a few points separating teams at any given moment in the first half.

IN A SLOW-SCORING first quarter the Dons assumed a 6-3 lead, only to fall by the wayside when they went behind 19-15 at the half-way mark.

Forward Mike White was the big gun of the game as far as the Dons were concerned. He came through with some top-flight floor play and topped it off with 15 points, to mark his best game of the season.

Top scoring honors, however, went to Alhambra's Jack Jordan, who captured 21 points with three field goals and 15 charity tosses.

Jordan's shooting from the free throw line was sensational, as he hit on 15 out of 16 tries. His consistency was amazing as he banged in 14 in a row before missing.

IT IS A MATTER of record that the Dons hit 11 field goals to Alhambra's eight but the final story was told from the free throw line, where the Dons collected 14 points on 28 tries while the Bulldogs hit 28 points on 35 attempts.

The Dons were in the ball game until the "deep freeze" act with a stalling game in the closing minutes after Center Gary Newman hit on a jump shot and Jordan connected on two free throws, to give what proved to be a safe 40-32 lead with three minutes to go.

IN THE BEE game, the Don Babes took their time getting under way but picked up in the second quarter and zoomed to a 21-11 halftime lead.

Rod Kristinger proved to be a ball of fire as he ripped the mesh for 10 points, while teammates Tim Freeman and Red Jones contributed nine and eight, respectively to the winning cause. Center Rich Miller was tops for the losers with nine.

Coach Eaton swept the bench clean in the final quarter, and the Don Babes coasted to their win.

High Schools Keeping Platoon System As Result of Vote by Rules Committee

By ERWIN MATTSON

THE PLATOON SYSTEM is being retained by the high schools, as the result of a one-sided vote taken by the National Scholastic Athletic Rules Committee at a recent meeting in Kansas City.

Willard Knowles, superintendent of schools in Martinez, was one of California's representatives to the conference.

In his report as a California Interscholastic representative, Knowles stated that questionnaires were sent to 20,000 prep coaches and that out of the 4000 returned not a single one wanted to do away with the platoon system.

The vote itself is almost unbelievable, as usually there are some dissenters regardless of the issue at stake.

It is a matter of record that college coaches voted 4-1 to retain the platoon system, but the rules committee saw fit to rule otherwise.

THE RECENT RAYS of sunshine have had their results in an athletic way, with thoughts of prospects and coaches turning to spring sports.

The sign-up for a full and busy spring sports schedule is now under way, and the next step will be physical examinations, with conditioning workouts starting between mid-February and March 1.

Every boy going out for any sport is required to pass a physical before he can take part in any of the activities.

In addition, he must have insurance protection of his own or take it out under the Interscholastic Protection Fund, in which case the student body bears the first dollar of the cost.

The spring program at Acalanes is a very extensive one, with golf, tennis, A and Bee track, A and Bee swimming, Varsity and Junior Varsity baseball.

Early indications point to a turnout of better than 200 for spring sports.

Sportsmen's Club to Hold Open House

Are you a man? Are you interested in sports?

If you are, said Olin Eddy, president of the Walnut Creek Sportsmen's Club, you'll want to attend the organization's open house next week.

It will be at 8 p.m. Tuesday in the clubhouse, and is open to all men in the Central Contra Costa area.

EDDY SAID the open house will tie in with the club's new membership drive. The welcoming committee will include Farry Granzotto and Chet Arthur.

"There will be an excellent program for the evening," Eddy said, "starting with the awarding of individual trophies for outstanding sports accomplishments during 1952. Special refreshments will be served."

He said some of the latest released films on sports also will be shown. No admission fee will be charged.

The clubhouse is on Mt. Diablo Boulevard near the Saranap cutoff.

PORTENT OF TROUBLE

If the lights suddenly start brightening and dimming, it indicates a loose connection that may result in a short circuit, states National Automobile Club. A short may blow all the light bulbs at once.

Berkeley Savings Wins First Round Basketball Title

The Berkeley Savings and Loan quint has won the first round of the Walnut Creek Men's Basketball League.

Led by Bob Ferro and Bob Kleckner, the Berkeley five averaged 80 points in their first five games while keeping their opponents down to a 45-point average.

Kleckner, in his first year out of Acalanes High School, is the league's top scorer with a 20-point a game average.

However, according to league rules, winners of the first round are not assured the championship.

The league titlist will be decided in a game between winners of the first and second rounds. If Berkeley wins the second, it automatically will take the trophy.

Games are played Tuesdays and Wednesdays at the Las Lomas High School gym at 7:15 and 8:30 p.m. The league is sponsored by the Walnut Creek Recreation Commission and admission is free.

Dons Split Pair With San Ramon

The Dons spit a pair of games with San Ramon Tuesday afternoon, with the scene of action the Acalanes hardwood.

The split came about when the Don Bees chalked up a 37-25 win while the Varsity Reserves were topped 50-44.

RED JONES paced the Bee winners with 11 points, while Tim Freeman was next in line with nine. San Ramon enjoyed a brief 5-3 lead in the opening minutes but was outclassed as the Acalanes five jumped to a 22-11 halftime lead, and used reserves to close out the game.

IN THE VARSITY game, it was the Don Reserves versus San Ramon's best, and as things turned out it was San Ramon all the way.

San Ramon posted a 15-10 first quarter lead and extended it to 32-21 at the half, with Forward Polhemus providing the scoring punch with six field goals and a free throw. That, combined with four points in the second half, gave him game scoring honors with a grand total of 17.

Bart Ferro was high for the Dons with nine points.

NEXT FRIDAY NIGHT the Dons tackle Mt. Diablo at Concord.

The Don Bees will be seeking to keep on top of the loop while the Varsity tries to save what up to now has been a disastrous season.

'Borgo' Leads Viking Scorers

Aided by a smashing 25-point performance against Menlo College, Forward Bob Borgheisel strengthened his scoring lead among the East Contra Costa Junior College cage Vikings, latest statistics show.

The 6-4 former Acalanes High star lifted his average from 13.8 last week to a solid 14.5 in 16 games. "Borgo" has now tallied 87 field goals and 58 free throws for a total of 222 points.

Last Saturday's brilliant performance by Borgheisel marked the third time this season he had scored 20 or more points. The ex-Don all-around star pumped in 26 against Yuba in the Hartnell Tournament and an even 20 against San Mateo.

Fain is Traded To White Sox

American League batting champ Ferris Fain of the Philadelphia Athletics, who makes his home in Walnut Creek, has been traded to the Chicago White Sox.

The 30-year-old ace, with the Athletics since 1947, batted .344 in 1951 and last year won the crown with a .327 average.

FAIN said he was somewhat surprised about going to Chicago, but that he had expected a trade because he hadn't received a contract from the A's.

Rumor now has it that the Sox may use Fain as bait in a deal with the New York Yankees.

Golf Club Officers Are Elected

New officers of the Contra Costa Golf Club recently were elected.

They are Ben Shaul, who lives on club grounds, president; Fred Confer, Pleasant Hill, vice-president; and Steve Stimac, Concord, Bill West, Walnut Creek, and Jack Ross, Oakland, directors.

The club now has a total of about 500 members.

Does This Mean You?

Don't let Death take your seat at the wheel. If you drink, don't drive.

These are the twin warnings posted by California Highway Commissioner Clifford E. Peterson for motorists to heed.

PETERSON SUGGESTS the substitution of tea, coffee or soft drinks for drivers who have trouble following the white line after a few rounds. He declared at least 30 per cent more drunk drivers were arrested over the 1952 year-end holidays. Law enforcement officers have been alerted to be on a constant lookout for inebriated drivers.

Peterson reminded motorists who drink that certain sections of the vehicle code were written especially for them. He pointed out the maximum sentence for a first conviction of drunken driving is six months in jail, \$500 fine and a 90 day suspension of driver's license. He said the maximum penalty for drunk driving in other instances is three years license suspension, a five year prison term and \$5000 fine.

MOST OF US who go out to celebrate—and that usually means driving some distance—leave our children safely at home for the festive night.

But what kind of awakening might it be to learn a father, mother or both are lifeless, steel-torn bodies lying by a roadside?

The price of driving after a few drinks can be suffering and privation of loved ones for years to come.

Your Garden

Royalty Among Vegetables? You Bet!—They're Yours If You Get Right Seeds

By BERT WRIGHT

EACH YEAR, a board of agricultural experts reviews the performances of newly introduced strains of vegetables and flowers. Known as the All-American Selection Board, their "All-American Award" citations establish the "bluebloods" among new varieties.

This year, none of the new vegetable introductions was deemed worthy of All-American recognition; instead, the board of experts set up an all-time, All-America selection list.

WITH SEED CATALOG time at hand and vegetable garden planting not far away, you will want to remember the following list of vegetables, a list of true royalty, chosen from a field of already outstanding performers.

Here they are:

1. LIMA BEAN, Fordhook 242.
2. Squash, Early Prolific Straight-neck.
3. Beet, Perfected Detroit.
4. Carrot, Imperator.
5. Radish, Cherry Bell.
6. Snap Bean, Topcrop.
7. CUCUMBER, Early Surecrop Hybrid.
8. Spinach, America.
9. Tomato, Pritchard.
10. Lettuce, Great Lakes.
11. Sweet Corn, Lochief, Hybrid.
12. Cabbage, Chieftain, Savoy.

If these are included in your seed order, you are assured of growing the most prolific and best quality varieties that there are.

Boy Scouts Celebrate 43rd Birthday

Action Taken by Junior Chamber To Cut Accidents

The Mt. Diablo Area Junior Chamber of Commerce has taken action to reduce the number of rear-end collisions in the area.

Scotch-Lite, a brilliant red tape which is applied to the rear bumper of automobiles, is being sponsored by the organization. Members of the Junior Chamber will be available as salesmen of Scotch-Lite, and will deliver and install the tape on purchasers' cars for \$1.

"THE GROUP FEELS," said Yates Bleuel, publicity chairman, "that such a safety aid is particularly needed in this area, where the accident problem on Mt. Diablo Boulevard is so great."

The Scotch-Lite program has been sponsored nationally by the Junior Chamber organization and has been tremendously successful in cutting down accidents in many areas, said Bleuel.

MEMBERS OF THE Junior Chamber involved in the program are Ed Macauley of Walnut Creek, general publicity chairman; Champs Dobler of Concord, advertising; and Les Fletcher, Concord, information.

Those wishing further information about the Scotch-Lite program should contact Dobler at Yellowstone 4-9254 or write to him at 506 Masefield Drive, Concord.

Meridian District's Big Annual Scout Exposition at Acalanes Tomorrow Night

Meridian District, Boy Scouts of America, will observe the 43rd birthday of the organization during Boy Scout Week, tomorrow to next Friday, February 13.

Kicking off the week's observance, area Cub packs, Boy Scout troops and Explorer units invite the general public to attend their annual Scouting Exposition at Acalanes High School from 7:30 to 10 o'clock tomorrow evening. Three rooms—the boys' gym, the girls' gym and the cafeteria—will be used for the big show.

MORE THAN 40 separate booths and exhibits will be on display, showing all kinds of Cub Scout craft achievements, Boy Scout merit badge requirements and Explorer training qualifications. Each display will observe the theme of "Forward on Liberty's Team," the name of the scouts' three-year program.

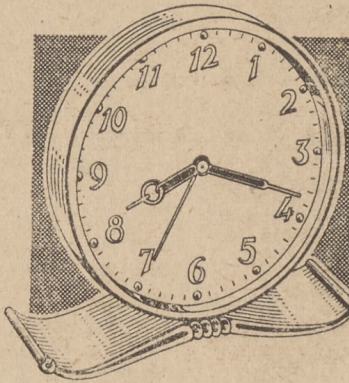

Meridian District boy membership on December 31, 1951, was 1694; but December 31, 1952, showed a total of 2213 members enrolled. A year ago there were 35 scout units in the district—compared with 49 last December 31 and 49 at the present time.

Cub packs, Boy Scout troops and Explorer units participating in the Scouting Exposition include:

CUB PACKS — Walnut Creek 6, 43, 58, 206, 204, 211, 212, Orinda 20, 59, 71, 212, Lafayette 20, 71, 207, 209, Pleasant Hill 45, 59, 209, 222, Canyon 57, Danville 30, 236, Alamo 53.
